February 10 Social Meeting at BoK Center

Our February meeting will be a combination Social event and reprise of last year's tour of the Bok Center when it was under construction. This year we'll take in a hockey game and walk about the completed arena. It certainly looks different than it did a year ago! Game time is 7:05, so we'll plan to meet at 6:30 in the lobby on the south east side of the arena.

Information about the Oilers, the arena, tickets etc can be found at <http://www.tulsaoylers.com/>

Come out, bring a friend and enjoy a hockey game with some folks that will appreciate your engineering jokes!

Spring Program Lineup

We have the following lined up for the balance of the Spring 2009 programs. There have been a few changes since the January newsletter. We're always looking for new ideas that interest our members, so if you have a suggestion, email us.

- March 10th: Presentation on wireless telephone system implementation in developing countries. This meeting will be held at OSU-Tulsa North Hall. Room TBD.
- April 14th: Annual Student project presentations at OSU – Tulsa North Hall
- May 12th: IEEE Industrial Lecture Series
- June 9th: Section Picnic Haikey Creek Park

If you have ideas for a program, please email them to teddy.wyatt@ieee.org We're always looking for new ideas!

Other Activities and News

Reserve the second Tuesday evening in January, February, March, April, May and June for the **Tulsa Section meetings**. Thanks for all of the responses on our recent plea for program ideas. You should see some of those on the program list in coming months. In the mean time, continue to send ideas for presentations or tours to any of your section officers.

Your Section Officers for 2008-2009
